# At a glance

The NSW Architects Registration Board administers the Architects Act 2003, the legislation regulating architects in NSW. The Board's key role is to protect consumers of architectural services. The Board

- maintains an accurate Register of Architects and a List of Architect Corporations and Firms
- operates a fair, effective, and open procedure for investigating and hearing complaints
- sanctions architects who breach the Architects Act and individuals or firms who represent themselves as an architect when they are not entitled to do so
- conducts examinations
- administers scholarships and awards
- promotes a better understanding of architectural issues in the broader community.

As of 30 June 2012 there were 4276 architects in NSW (3544 in the practising category and 732 in the non-practising category). There are 1306 architect corporations and firms listed in the NSW Register as having nominated architects responsible for the provision of architectural services.

## Review of the Architects Act

The Report of the Statutory Review of the Architects Act 2003 was approved by Parliament in December 2010. As of publication date the revised Act has not yet been put to Parliament.

2

The Architects Regulation (including the NSW Architects Code of Professional Conduct the Code) has been extended until September 2012.

The Board is also working with other Registration Boards around Australia to facilitate the introduction of a national registration process for architects based upon the mutual recognition processes currently in place. Some minor amendments to the Act are required which the Board hopes will be dealt with as part of the review process.

## [www.architectureinsights.com.au](http://www.architectureinsights.com.au)

The Board continues to develop the contributor driven website [www.architectureinsights.com.au](http://www.architectureinsights.com.au), the Board's primary method of connecting the general public, students, architects and others with information about architecture and events, collaborations and debate about architecture and the built environment in NSW. This year a new section has been added; "Insights" allows contributors to post their own insights about architecture and encourage debate on architectural issues.

## [www.reducingcarbonemissions.org](http://www.reducingcarbonemissions.org)

100 participants and more than 200 connected via on-line streaming of a Continuing Professional Development focused their attention on the benefits of utilising the on-line template and resources to assist architects identify their energy usage and create a plan to reduce their carbon emissions.

## [www.sydneyarchitecturefestival.org](http://www.sydneyarchitecturefestival.org)

The Sydney Architecture Festival is presented each October by the Board and the Australian Institute of Architects in partnership with cultural institutions and event producers across the city in the annual celebration of architecture. The Festival includes talks, exhibitions, tours and kids activities all focussed on promoting an understanding of architecture.

## Building the Future - Visual Arts and Architecture

A partnership project between the Board and Object Gallery produced an on- line series of case studies focusing on Arts Galleries and their architects. These case studies link back to the NSW Visual

Arts Syllabus and the National Curriculum and include explicit guidance for teachers on how to link the study of architecture into the Visual Arts Syllabus in senior high school.

### **Building the Future - developing architectural literacy**

The Board, in partnership with the NSW Department of Education and Communities and the Historic Houses Trust is trialling an innovative model project to develop children's connections to architecture in their own neighbourhood.

### **Home - Architecture lecture Series**

The Board partnered with the Historic Houses Trust to present the inaugural architecture lecture series focused home. Architects, historians and sociologists gave a series of fascinating presentations on typologies of home and housing in Australia.

# NSW Architects Registration Board Members

The Board includes six architects and five members who are not architects:

The Board adopted a policy on 16 November 2011 that members are generally not granted a leave of absence from attendance at a Board meeting unless overseas or ill.

An honorarium is paid to each Board member for their board and other related committee work. These fees are in line with the policies established by the Premier's Office.

The Board meets every third Wednesday of each month. In addition to monthly board meetings each member participates on one or more of the Board's Standing Committees or Work Groups to oversee projects.

# Board Examiners and Assessors

The Board draws upon the services of architects to serve as examiners and assessors for the Architects Accreditation Council of Australia Architectural Practice Examination, the Review of Academic Equivalence for the assessment of architectural qualifications gained overseas, and the NSW Built Work Program of Assessment. Fees are paid to examiners assessing candidates for these purposes.

# Board Governance

The work of the Board derives from the objectives and functions of the Board included in the Act. There are specific Board delegations outlined in the Act. The operational priorities are identified in the Corporate Plan which is reviewed annually. The Board has a Committee structure in place with defined responsibilities. The Board has in place a Risk Management Plan which is reviewed and updated by the Board twice per year. The Board's OH&S policy and procedures are reviewed regularly in line with relevant legislative procedures.

The Board maintains appropriate insurances including Workers' Compensation, Public Liability and Contents insurances, Association Liability insurance for the protection of Board Members. These insurances are reviewed annually to ensure appropriate cover.

The Board contracts the services of external consultants to maintain plant (the separate air conditioning system) and IT equipment and software. A back-up system for IT records is in place and so is a Disaster Recovery Plan that is maintained by our external consultant. The Board maintains and updates annually the asset register.

Independent legal advice is sought as required and accounting services are provided on a consultancy basis by the Service First, Department of Finance and Services. Other professional advice is sought on an as needs basis.

Authority for making decisions rests with the Board unless specifically delegated to a Committee or the Registrar. There is a financial delegation of \$5,000 in place in relation to expenditure by the Registrar without referral to the Board. Specification delegations arise out of Board recommendations and decisions minuted at each Board meeting.

The Board currently utilises a risk based audit plan. While the Board has Ministerial approval to seek an exemption from compliance with NSW Treasure Internal Audit and Risk Management Policy TPP09-05 at this stage the Board remains part of the DFS Audit and Risk Committee Related Entities Sub-Committee which supports the Board's Governance structure.

## Committees and workgroups

Under the provisions of S 62 (1) of the Architects Act *the Board may establish Committees to assist it in connection of any of its functions. And (2) it does not matter that any or all of the members of the committee are not members of the Board. [Note: this provision does not apply to Complaint Committees established by the Board]*

Board Committees are supported by the Registrar and staff as appropriate. Generally the Registrar attends all Committee and Work Group meetings unless otherwise agreed by the Committee

As at 30 June 2012 the following Committees were in operation.

## Complaints Committee

The Complaints Committee oversees the statutory obligations imposed upon the Board relating to disciplinary complaints against the conduct of architects, and complaints about individuals, corporations and firms representing themselves to be architects.

Members: Michael Bampton (chair), Marianne Foley, Peter Sarlos, Penelope Holloway, Ingrid Pearson, Kerry Robinson, Richard Thorp.

## Finance and Remuneration Committee

The Finance and Remuneration Committee oversees the financial management and reporting functions to the Board and advises the Board on issues relating to the Registrar's remuneration.

Members: Richard Thorp (Chair), Michael Bampton, Kerry Robinson and Peter Mould/Peter Poulet.

## Audit and Risk Committee

The Audit and Risk Committee oversees and monitors the Board's governance, risk and control frameworks and its external accountability requirements and assists the Board in liaising with the Department of Finances and Services Audit and Risk Related Entities Sub-Committee.

Members: Kerry Robinson, (Chair), Richard Thorp, Penelope Holloway, and Peter Mould/Peter Poulet.

## Work Group to oversee the Board's response to the Architects Act and Architects Regulation

This Work Group was formed to oversee the Board's contribution to the review of the Architects Act.

Members: Michael Bampton (Chair), Richard Thorp, Kerry Robinson, Peter Mould/Peter Poulet, Peter Sarlos.

The Board also establishes Work Group from time to time to oversee specific projects.

## Income

The Board is entirely funded by fees levied upon architects and architect corporations and firms and examination fees. The annual registration fee is \$220. There is a one off listing fee of \$60 and an annual voluntary publication fee of \$120 for corporations and firms listing the architect/s responsible for the provision of architectural services.

Fees collected fund the administration of the Board and include contingencies for legal costs, development of information for consumers and general administration. The Board administers any reserves in the "Architects Fund" to meet the fourth objective identified in the Architects Act 2003 - *to promote a better understanding of architectural issues in the community*. The Board has determined that at least nine months of operational funds should be kept in reserve.

## Review of the Architects Act

The review of the Architects Act by the Minister for Finance and Services was not complete by the 30 June 2012. The termination date of the Architects Regulation has been extended until 1 September 2012.

## Information for architects, consumers and the public

The Board's website is the primary means of communicating with the public and the profession. The site is regularly updated to reflect legislative and policy changes and has been revamped to include a search facility and other general improvements to the functionality of the site.

The searchable databases containing the NSW Register of Architects and the List of Architect Corporations and Firms are available on the Board's website and are published each year in hard copy and electronic formats.

The Board publishes Information Sheets on the following responsibilities of the Board:

- The Architecture Practice Examination
- The Built Work Program of Assessment
- Illegal representation as an architect
- Complaints against Architects
- CPD for Architects

The leaflet *Working with an Architect*, updated in this reporting year, is an important source of information for consumers, and is also available in hard copy and electronic formats.

Also published are information sheets on procedures for applying for registration and/or re-registration as an architect, student awards, and the Byera Hadley Travelling Scholarships. Application forms for all Board processes are published together with “how to apply” information.

E-newsletters are regularly sent to architects and architect corporations and firms highlighting important issues and updates on matters of interest for architects and the general public. All newsletters can be downloaded from the Board’s website.

# National and International Connections

## The Architects Accreditation Council of Australia

The Architects Accreditation Council of Australia (AACA) is the national organisation responsible for establishing, coordinating and advocating national standards for the registration of architects in Australia and for the recognition of Australian architects overseas by the relevant Registration Authorities.

AACA is constituted of nominees from each of all the State and Territory Architects' Registration Boards in Australia. The President and Registrar are members of AACA. The President is currently a Director of the AACA Executive.

Key priorities of the AACA include overseeing the review of the process undertaken to determine the Academic Equivalence of Overseas Qualifications for the purpose of registration and identifying a strategy to move towards common requirements in all jurisdictions for continuing registration.

The AACA reviews and ratifies the appointment of examiners, assessors and monitors for the Review of Academic Equivalence (RAE), Architectural Practice Examination (APE) and the National Program of Assessment (NPrA). AACA also facilitates the examination of professional practice throughout Australia. On satisfactory completion of the APE, AACA issues a certificate that may be used by a State/Territory Board, in addition to their respective legislative requirements, as the basis for determining eligibility for registration.

A Registrars' Network comprising the Registrars from the State and Territory Registration Boards from around Australia shares information and facilitates, within the constraints of respective State and Territory legislation, streamlining administrative procedures that must be followed by architects and architect corporations across Australia.

# Statutory Obligations

## Internal Audit and Risk Management Statement

The NSW Architects Registration Board has internal audit and risk management processes in place that are, in all material respects, compliant with the core requirements set out in Treasury Circular NSW TC 09/08 Internal Audit and Risk Management Policy.

## Accessing Information from the NSW Architects Registration Board

Government Information (Public Access) Act 2009

On 1 July 2010, the Government Information (Public Access) Act 2009 (GIPA Act) replaced the Freedom of Information Act 1989. The GIPA Act applies to all NSW Government agencies. The new right to information system encourages government agencies to release information proactively. The new system also makes it easier for individuals to access government and personal information from government agencies.

A review of information proactively released under the GIPA Act was undertaken and the Board published a Publication Guide that contains a list of its information and guides and are already available on its website.

## Accessing the Board's documents

Policies and publications can be accessed from the Board's website [www.architects.nsw.gov.au](http://www.architects.nsw.gov.au) or by contacting the Board's Registrar. Applications for access to documents under the provisions of the GIPA Act must be in writing, either on an application form or by letter, accompanied by the \$30 application fee and sent to the Registrar at Level 2, 156 Gloucester Street Sydney NSW 2000.

In this reporting year the Board did not receive any applications for access to documents under GIPA Act.

## Privacy report

The Board collects information about architects for the purposes of registration as allowed under the provisions of the Architects Act 2003. In doing so, the Board complies with the Privacy and Personal Information Protection Act. There have been no requests for privacy reviews in the reporting year.

## Public Interest Disclosures

There were no disclosures received from any officer of the Board. No reports were received in reference to corrupt conduct, mal-administration, government information and local government pecuniary contraventions.

## Multicultural Policies and Services Program

The Board is advised by the Architects Accreditation Council of Australia (AACA) about persons whose academic qualifications are obtained overseas and who intend to apply for registration as architects in NSW. AACA is the national organisation responsible for establishing, coordinating and advocating national standards for the registration of architects in Australia and for the recognition of overseas architects by the relevant Registration Authorities. Key priorities of the AACA include overseeing the review of the process undertaken to determine the Academic Equivalence of Overseas Qualifications for the purpose of registration and identifying a strategy to move towards common requirements in all jurisdictions for continuing registration.

The Board acts on behalf of the Architects Accreditation Council of Australia, in assisting overseas trained architects to be assimilated into the professional environment in New South Wales. This process is facilitated through viva voce interviews with a view to accreditation of overseas gained qualifications in terms of equivalence with Australian academic qualifications, and setting of

examinations in architectural practice, both being legal prerequisites to registration as an architect. When necessary, the Board will engage an accredited NAATI interpreter to assist those who come from the non-English speaking background who have difficulty in communicating during the interview. The success rate of applicants is relatively high, indicating that the principles of cultural diversity as espoused by the Commission are generally being met in this area of the Board's responsibility.

The Board is aware of Government policy of commitment to equal employment opportunity, and the Principles of Multiculturalism and ensures that these principles are observed in the recruitment and management of staff and dealings with the public.

The Board integrates the Multicultural Policies and Services Program into the Board's recruitment processes. The administrative office consists of 5 staff members.

The Board keeps under review the Multicultural Policies and Services Program (MPSP) and takes account of the requirement of the Community Relations Commission when developing future objectives and strategies

### Board Financial Management Framework

The Board Financial Management Framework outlines the Board's financial policies and procedures for handling all financial matters in the Board. The Framework is updated regularly to reflect Government policies, Directives and Memorandums, Board decisions and relevant policies, and is reviewed regularly to incorporate appropriate improvements proposed by staff.

### Public Finance and Audit Regulation 2010 and Annual Reports Legislation " Reporting on Payment of Accounts

In accordance with Clause 13 of the Public Finance and Audit Regulation 2010, the Annual Reports Legislation and the NSW Treasurer's Directions (TD 219.01), the Board has a statutory obligation to report on the prompt payment of accounts, including disclosure of payment performance as outlined in Treasury Circular 06/26 December 2006, and the following information is provided in relation to payment of accounts:

### Annual Reports (Statutory Bodies) Regulation 2010

In accordance with the Annual Reports (Statutory Bodies) Regulation 2010 (469), Clause 10(2) (a) the following information is provided in relation to the production of this Annual Report:

1. Number of copies printed - 100
  2. Average cost of producing each copy - \$60
- Annual reports are published in the Board's website.

# Registration as an architect in NSW

## Qualifications for admission to the Register

Uniform minimum standards of education and training have been adopted by all States and Territories in Australia for registration as an architect. These are the five-years of study from an Australian university or its equivalent, an approved period of practical experience and successful completion of the AACA Architectural Practice Examination (APE). These standards are agreed nationally by the AACA which is a company limited by Guarantee. The Members of the AACA include the Chair and Registrar of each Architect Registration Board in each State and Territory in Australia.

## Approved academic qualifications

In New South Wales the schools of architecture of the Universities of Newcastle, New South Wales, Sydney and the University of Technology, Sydney offer approved courses leading to the Master of Architecture degree, being the academic qualification prescribed by the Act.

Academic courses from NSW universities are reviewed by the Australia and New Zealand Process for Accreditation of Architecture Programs, owned by the Architects Accreditation Council of Australia and the Australian Institute of Architects. Under this process, National Visiting Panels provide recommendations regarding the accreditation of qualifications to the Board for a maximum period of five years.

## Architectural Practice Examination (APE)

The final qualification for registration as an architect in NSW is the successful completion of the Architectural Practice Examination, established by AACA and administered by the State/Territory Registration Boards. In New South Wales 224 candidates were admitted to the examination and 148 were successful for the period 1 July 2011 to 30 June 2012.

## Mutual Recognition

Providing a registrant is in good standing, this Act facilitates freedom of movement of architects registered in other States and Territories of Australia between the respective jurisdictions. The Board normally approves an applicant for registration in New South Wales on completion of the prescribed application form and payment of the annual registration fee. In the reporting year, 48 interstate architects were admitted to the NSW Register under the terms of the Mutual Recognition Act.

## Trans Tasman Mutual Recognition Agreement (TTMRA)

As a result of the Federal Government's passage of legislation mirroring that of the New Zealand Government, the TTMRA allows mutual recognition of registration between Australia and New Zealand. In the reporting year 1 architect from New Zealand was admitted to the NSW Register under the terms of the TTMRA.

## Built Work Program of Assessment (BWPrA)

The BWPrA is a program of assessment conducted by the Board for persons who do not have the tertiary academic qualification in architecture and who wish to apply for registration as an architect in NSW. The BWPrA is based on a person's ability to demonstrate defined competencies from a complex built project in Australia. Six applications for admission into the program were received by the Board in the reporting year and four candidates successfully completed the program.

## Complaints against the professional conduct of architects

There were eight matters received in the previous reporting year that were carried over into this reporting year. Six matters were dismissed, one matter is ongoing and in one matter the Architect was found guilty of unsatisfactory professional conduct.

### **Pragati Goswami, Registration Number 6607**

- In respect to the Complaint against the professional conduct of Pragati Goswami, the Board finds that pursuant to section 43(4) the Architect is guilty of unsatisfactory professional conduct.
- Further that under the provisions of S 43 (4) (e) the architect provides to the Board pro-formas of documents used in practice management for Board approval in regard to compliance with the NSW Architects Code of Professional Conduct.
- The decision in relation to this matter will be placed upon the Register of Disciplinary action that the Board is bound to keep under the provisions of S 55 of the Act.

In the reporting year, nine complaints against the professional conduct of architects were investigated by the Board. Four matters were dismissed, four matters are ongoing and in one matter the Architect was found guilty of unsatisfactory professional conduct.

17

### **Roderick McDonald Registration Number 7619**

- That in respect to the Complaint against the professional conduct of Roderick McDonald, Nominated Architect for Chateau Constructions, pursuant to S 43 (4) the Board finds the architect guilty of unsatisfactory professional conduct in that he breached his obligations under Section 7 of the NSW Architects Code of Professional Conduct to have a proper agreement in place.
- In respect of the Complaint regarding the supervision of staff and the changes to the plans the Board finds that the Complaint has not been made out and dismisses these parts of the Complaint.
- The Board orders that the Architect reports back to the Board within 3 months of the date of the decision taking effect as to how he has rectified the issue of the retainer agreement reflecting the requirements of the Architect's Code of Professional Conduct. In particular, he should provide evidence as to how formal advice is given to clients and potential clients on the role of the architect and the role of the builder and how the agreements have been amended to reflect this advice.

# Offences relating to the practice of architecture

## Section 9 and 10 of the Act

The use of the title 'architect' is protected by the Architects Act 2003, and can only be used by persons who are on the NSW Register of Architects. If architectural services are provided by a corporation or firm, then the entity must have nominated at least one person who is responsible for the architectural services provided. This person or persons (known as the 'nominated architect/s') must be on the NSW Register of Architects.

Architects have professional qualifications, completed a period of practical experience in architecture and have passed the Architectural Practice Examination before applying to be enrolled on the NSW Register. Architects are bound by the NSW Architects Code of Professional Conduct (Architect Regulation 2004). Architects must maintain professional indemnity insurance appropriate to the services they provide and must undertake a minimum of 20 hours of continuing professional education in each year.

The Board has no jurisdiction over investigating the conduct of persons providing design services if they are not architects.

The Board expresses no view about the quality of design services provided by architects and others, but endeavours to ensure that consumers' choices on providers of building design services are based upon accurate information about the registration status of the service provider. The pamphlet Working with an Architect is published by the Board to guide consumers on the architects' roles and obligations to their clients, and vice versa, the role of the clients to assist the realisation of their project. The Board's on line searchable database of architect and architect corporations is also used by the public to confirm the status of a person or corporation or firm.

The Board investigates reports of persons or entity reportedly representing themselves or others as architects, and monitors classified advertising to check compliance with S 9 and 10 of the Architects Act. In cases where a potential breach is identified, the individual or entity is given the opportunity to remedy the matter. Where the representation isn't remedied, the Board may take action against the individual or entity in the Local Court.

# Scholarships and awards

## Architect's Medallion

The Architect's Medallion is awarded annually by the Board to a graduate in architecture in this State who has achieved distinction throughout the last two years of the Bachelor of Architecture course. Four candidates were nominated by the respective Heads of the four schools of architecture in NSW.

The 2011 Architects Medallion was awarded to Ricci Block, a graduate of the University of New South Wales.

## NSW Graduating Students Exhibition

The Board is a major supporter of the graduating students' exhibitions in each of the four schools of architecture in universities in NSW. The sum of \$5,000 was donated to each School.

## Byera Hadley Travelling Scholarships (BHTS)

2011 marked the 60th anniversary of the Byera Hadley Travelling Scholarships. The BHTS is bequeathed by the Estate of the late Byera Hadley and are administered by the NSW Architects Registration Board to enable winners to undertake "a course of study, research or other activity approved by the Board as contributing to the advancement of architecture". Scholarships are open to graduates of the four schools of architecture in New South Wales and those who are currently enrolled as students in a course offered by of the four schools of architecture in New South Wales.

## Emerging Architects Exchange Program with The London Architecture Foundation

In celebration of the 60th anniversary of the first award of the Byera Hadley Travelling Scholarship the Board partnered with The Architecture Foundation, London to present the Emerging Architects Exchange. The programme aimed to identify, exchange and promote the best new architects from both countries through developing networks, dialogue and cultural exchange that allow for the sharing of new ideas and new practices. Through an open submission process, NSW identified three exciting emerging architects who acted as ambassadors for the architectural scenes in Australia and participated in coordinated activities including public lectures, workshops, studio and site visits, along with other networking opportunities in the United Kingdom. The Sydney architects were Matthew Chan, Hannah Tribe and Andrew Burns.

## The 2011 winners and their respective projects are:

### *Christopher Richard Johnson (Graduate Winner)*

The Role of Architects in Indian Slum Renewal Through the Use of Spatial Information Technologies

### *Kieran McInerney (Graduate Winner)*

## INDEPENDENT AUDITOR'S REPORT

### NSW Architects Registration Board

To Members of the New South Wales Parliament

I have audited the accompanying financial statements of the NSW Architects Registration Board (the Board), which comprise the statement of financial position as at 30 June 2012, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information.

### Opinion

In my opinion, the financial statements:

- give a true and fair view of the financial position of the Board as at 30 June 2012, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- are in accordance with section 41B of the *Public Finance and Audit Act 1983* (the PF&A Act) and the Public Finance and Audit Regulation 2010

My opinion should be read in conjunction with the rest of this report.

### The Board's Responsibility for the Financial Statements

The members of the Board are responsible for the preparation of the financial statements that give a true and fair view in accordance with Australian Accounting Standards and the PF&A Act and for such internal control as the members of the Board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

My responsibility is to express an opinion on the financial statements based on my audit. I conducted my audit in accordance with Australian Auditing Standards. Those Standards require that I comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation of the financial statements that give a true and fair view in order to design audit procedures appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the members of the Board, as well as evaluating the overall presentation of the financial statements.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

My opinion does *not* provide assurance:

- about the future viability of the Board
- that it has carried out its activities effectively, efficiently and economically
- about the effectiveness of its internal control
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about other information which may have been hyperlinked to/from the financial statements

## **Independence**

In conducting my audit, I have complied with the independence requirements of the Australian Auditing Standards and other relevant ethical pronouncements. The PF&A Act further promotes independence by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of public sector agencies, but precluding the provision of non-audit services, thus ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by the possibility of losing clients or income.

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### (a) Reporting entity

The NSW Architects Registration Board (the Board) is prescribed as a statutory body under Schedule 2 of the Public Finance and Audit Act 1983. Effective from 30 June 2004, the Board and its functions operated under the Architects Act 2003.

The Board's role is protecting consumers of architectural services by ensuring that architects provide services to the public in a professional and competent manner, disciplining architects who have acted unprofessionally or incompetently, accrediting architectural qualifications for the purpose of registration, informing the public about the qualifications and competence of individuals or organisations holding themselves out as architects and promoting a better understanding of architectural issues in the community. The Board is a not-for-profit entity.

The financial statements for the year ended 30 June 2012 have been authorised for issue by the Board on 17 October 2012.

### (b) Basis of preparation

The Board has kept proper accounts and records for all of its operations as required under Section 41(1) of the Public Finance and Audit Act 1983. The Board's financial statements are general purpose financial statements and have been prepared in accordance with:

- applicable Australian Accounting Standards (which include Australian Accounting Interpretations);
- the requirements of the *Public Finance and Audit Act 1983* and Regulation; and
- Treasurer's Directions

Judgements, key assumptions and estimations management has made are disclosed in the relevant notes to the financial statements.

The Statement of Comprehensive Income and the Statement of Financial Position have been prepared on an accrual and historical cost basis, unless otherwise stated.

The Statement of Cash Flows has been prepared on a cash basis using the direct method, and includes all receipts and payments made during the year.

The activities of the entity are exempt from income taxation.

All amounts are expressed in Australian dollars.

### (c) Statement of compliance

The financial statements and notes comply with Australian Accounting Standards, which include Australian Accounting Interpretations.

### (d) Accounting for the Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except that:

- the amount of GST incurred by the Board as a purchaser that is not recoverable from the Australian Taxation Office is recognised as part of the cost of acquisition of an asset or as part of an item of expense and
- receivables and payables are stated inclusive of GST.

Cash flows are included in the cash flow statement on a gross basis. However, the GST components of cash flows arising from investing and financing activities which is recoverable from, or payable to, the Australian Taxation Office are classified as operating cash flows.

### (e) Income recognition

All revenues arise from operating activities consistent with core operations. Revenue is recognised when the Board has control of the good or a right to receive, it is probable that the economic benefits will flow to the Board and the amount of revenue can be measured reliably. Additional comments regarding the accounting policies for the recognition of revenue are discussed below.

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

### (e) *Income recognition (cont'd)*

#### (i) Sale of goods and services

Revenue is derived mainly from the levying of annual registration and examination fees. These charges are recognised as revenue when the Board obtains control of the assets that result from them.

#### (ii) Investment income

Interest revenue is recognised using the effective interest method as set out in AASB 139 *Financial Instruments: Recognition and Measurement*.

### (f) *Assets*

#### (i) Acquisitions of assets

The cost method of accounting is used for the initial recording of all acquisitions controlled by the Board. Cost is determined as the fair value of the assets given as consideration plus the costs incidental to the acquisition.

Fair value means the amount for which an asset could be exchanged between a knowledgeable, willing buyer and a knowledgeable, willing seller in an arm's length transaction.

#### (ii) Capitalisation thresholds

Plant and equipment costing \$1,000 and above individually are capitalised.

#### (iii) Revaluation of property, plant and equipment

For all Plant and Equipment, the Board uses depreciated historical cost as a surrogate for fair value. These assets have short useful lives. This policy is consistent with the "Guidelines for the valuation of Physical Non-Current Assets at Fair Value" (TPP 07-01).

#### (iv) Depreciation of property, plant and equipment

Depreciation is provided on a straight line basis for all depreciable assets to allocate their costs over their estimated useful lives.

The following depreciation rates are used:

<b>Depreciation Rates</b>	<b>30 June 2012 % Rate</b>
Personal Computers	25
Furniture	20
Major Software	20
Office Fitout	10

In accordance with AASB 5 Assets Held for Sale are not depreciated.

#### (v) Impairment of property, plant and equipment

At each reporting date, the Board reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

### (f) Assets (cont'd)

#### (vi) Leased assets

A distinction is made between finance leases which effectively transfer from the lessor to the lessee substantially all the risks and benefits incidental to ownership of the leased assets, and operating leases under which the lessor retains all such risks and benefits.

Operating lease payments are charged to the Statement of Comprehensive Income in the periods in which they are incurred.

#### (vii) Receivables

Sundry debtors are recognised as amounts receivable at balance date. Collectability is reviewed on an ongoing basis. Debts, which are known to be uncollectable, are written off. A provision for doubtful debts is raised when some doubt as to collection exists. The credit risk is the carrying amount (net of any provisions for doubtful debts). No interest is earned on sundry debtors. The carrying amount approximates net fair value.

#### (viii) Other financial assets

##### *Financial Assets Held to Maturity*

The Board has placed funds in fixed term deposits with Westpac Banking Corporation. These deposits have an average maturity of 222 days and interest rates of 5.15% to 6% per annum (3.75% to 6.05% in 2010/11).

### (g) Liabilities

#### (i) Payables

These amounts represent liabilities for goods and services provided to the entity and other amounts. Payables are recognised initially at fair value, usually based on the transaction cost or face value. Subsequent measurement is at amortised cost using the effective interest method. Short-term payables with no stated interest rate are measured at the original invoice amount where the effect of discounting is immaterial.

#### (ii) Employee benefits and other provisions

##### (a) Salaries and wages, annual leave, sick leave and on-costs

Liabilities for wages, salaries and annual leave are recognised and measured as the amount unpaid at the reporting date at nominal amounts based on the amounts expected to be paid when the liabilities are settled.

Unused non vesting sick leave does not give rise to a liability as it is not considered probable that sick leave taken in the future will be greater than the entitlements accrued in the future.

The outstanding amounts of fringe benefits tax and workers' compensation insurance premiums, which are consequential to employment, are recognised as liabilities and expenses where the employee entitlements to which they relate have been recognised.

##### (b) Long service leave

Long service leave is measured on a nominal basis. The nominal method is based on the remuneration rates at year-end for all employees with five or more years of service. It is considered that this measurement technique produces results not materially different from the estimate determined by using the present value basis of measurement.

(c) Superannuation

The Board does not have a deferred liability in respect of contributions for employees' superannuation. Benefits derived by members of the superannuation fund are entirely dependent on the contributions made during their working life. The liability of the Board is discharged by payments to MLC Ltd, Harris Doyle Superannuation Pty Ltd, Mercer Portfolio (SA) Superannuation, AMP Life Limited, CBUS, Commonwealth Superannuation Fund, and Connelly Temple Public Superannuation Fund.

(h) *New Australian Accounting Standards issued but not effective*

The Board has considered all standards issued, but not yet effective for this reporting period. The following newly issued standards may apply to the Board, however does not have a material impact on the Board's financial results.

NSW Treasury has mandated not to early adopt any of the new standards / interpretations as per Treasury Circular NSW TC12/04. As such, these new standards/ interpretations have not been early adopted by the Board.

AASB 13, AASB 2011-8 and AASB 2012-1 *Fair Value Measurement* have mandatory application from 1 July 2013

AASB 119, AASB 2011-10 and AASB 2011-11 regarding employee entitlements, have mandatory application from 1 July 2013

AASB 2011-9 *Amendments to Australian Accounting Standards, Presentation of Items of Other Comprehensive Income* has application from 1 July 2012.

AASB 2011-10 *Amendments to Australian Accounting Standards arising from AASB 119* has application from 1 July 2013

AASB 2011-11 *Amendments to AASB 119 arising from Reduced Disclosure Requirements* has application from 1 July 2013

AASB 2012-1 *Amendments to Australian Accounting Standards - Fair Value Measurement - Reduced Disclosure Requirements* has application from 1 July 2013

AASB 2012-2 *Amendments to Australian Accounting Standards – Disclosures – Offsetting Financial Assets and Financial Liabilities* has application from 1 July 2013

AASB 2012-3 *Amendments to Australian Accounting Standards – Offsetting Financial Assets and Financial Liabilities* has application from 1 July 2014

AASB 2012-4 *Amendments to Australian Accounting Standards – Government Loans* has application from 1 July 2013

AASB 2012-5 *Amendments to Australian Accounting Standards arising from Annual Improvements 2009–2011 Cycle* has application from 1 July 2013

(i) *Comparative information*

Except when an Australian Accounting Standard permits or requires otherwise, comparative information is disclosed in respect of the previous period for all amounts reported in the financial statements.

### 14 FINANCIAL INSTRUMENTS

The Board's principal financial instruments are outlined below. These financial instruments arise directly from the Board's operations or are required to finance the Board's operations. The Board does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

The Board's main risks arising from financial instruments are outlined below, together with the Board's objectives, policies and processes for measuring and managing risk.

The Board's principal financial instruments are Held to maturity term deposits, along with cash at bank. The main purpose of these financial instruments is to finance the Board's operations.

The Board has various other financial instruments such as receivables and creditors, which arise directly from its operations.

The Board's main risks arising from financial instruments are outlined below. Further quantitative and qualitative disclosures are included throughout these financial statements.

#### (a) Financial instrument categories

1 Excludes statutory receivables and prepayments (i.e. not within scope of AASB 7)

2 Excludes statutory payables and unearned revenue (i.e. not within scope of AASB 7)

**(b) Credit Risk**

Credit risk arises when there is the possibility of the Board's debtors defaulting on their contractual obligations, resulting in a financial loss to the Board. The maximum exposure to credit risk is generally represented by the carrying amount of the financial assets (net of any allowance for impairment).

Credit risk arises from the financial assets of the Board, including cash, receivables and authority deposits. Cash comprises cash on hand and cash at bank. Receivables comprise GST receivables, interest accrued and general prepayments. No collateral is held by the Board. The Board has not granted any financial guarantees.

The Board's credit risk exposure is limited mainly to Westpac Banking Corporation. This risk is assessed to be nil due to the fact that the company is one of the four pillars of the Australian banking system and, as at 30 June 2012, has an AA minus credit rating.

**(c) Liquidity risk**

Liquidity risk is the risk that the Board will be unable to meet its payment obligations when they fall due. The Board's objective is to maintain sufficient funds in its operating account to ensure it is able to meet its debts as and when they become due and payable. The Board manages liquidity risk by maintaining adequate reserves and banking facilities by monitoring forecasts and actual cash flows and matching the maturity profiles of financial assets and financial liabilities.

The Board's exposure to liquidity risk is deemed insignificant based on prior period's data and current assessment or risk. During the current and prior years, there was no defaults or breaches on any loan payable. No assets have been pledged as collateral. Moreover, the major part of the Board's liabilities is the Byera Hadley Travelling Scholarships which the Board administers (refer to Note 9).

The liabilities are recognised for amounts due to be paid in the future for goods or services received, whether or not invoiced. Amounts owing to suppliers (which are unsecured) are settled in accordance with the policy set out in NSW TC 11/12. For small business suppliers, where terms are not specified, payment is made not later than 30 days from date of receipt of a correctly rendered invoice. For other suppliers, if trade terms are not specified, payment is made no later than the end of the month following the month in which an invoice or a statement is received. For small business suppliers, where payment is not made within the specified time period, simple interest must be paid automatically unless an existing contract specifies otherwise. For payments to other suppliers, the Board may automatically pay the supplier simple interest. There is no interest paid during the year.

**(d) Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Board has no exposure to foreign currency risk and does not enter into commodity contracts.

The effect on profit and equity due to a reasonably possible change in risk variable is outlined in the information below, for interest rate risk and other price risk. A reasonably possible change in risk variable has been determined after taking into account the economic environment in which the Board operates and the time frame for the assessment (i.e. until the end of the next annual reporting period). The sensitivity analysis is based on risk exposures in existence at the balance sheet date. The analysis is performed on the same basis for 2012. The analysis assumes that all other variables remain constant.

**NSW Architects Registration Board**  
**Notes to the financial statements**  
**for the year ended 30 June 2012**

(i) Interest rate risk

Interest rate risk is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on classes of financial assets and liabilities. The Board is exposed to interest rate risk through its cash and term deposits accounts. The interest rate risk is minimal due to longer term deposits taken. A reasonably possible change of +/- 1% is used, consistent with current trends in interest rates. The basis will be reviewed annually and amended where there is a structural change in the level of interest rate volatility. The Board's exposure to interest rate risk and the effective weighted average interest rate by maturity periods is set out in the following tables:

		Impact of 1% Increase Profit		Impact of 1% Decrease Equity

**(e) Fair value compared to carrying amount**

Financial instruments are generally recognised at cost. The amortised cost of financial instruments recognised in the Financial Position approximates the fair value, because of the short term nature of many of the financial instruments

**(f) Fair value recognised in the Statement of financial position**

The Board uses the following hierarchy for disclosing the fair value of financial instruments by valuation technique:

- Level 1 - Derived from quoted prices in active markets for identical assets / liabilities.
- Level 2 - Derived from inputs other than quoted prices that are observable directly or indirectly.
- Level 3 - Derived from valuation techniques that include inputs for the asset / liability not based on observable market data (unobservable inputs)
