Nomination of a responsible architect Undertaking

I, _____ hereby undertake to the NSW Architects Registration Board (Board) that I have read and understood the below and understand my role as the nominated responsible architect.

In the Board's view, being nominated as the responsible architect for the provision of architectural services may include;

- (a) being aware of the nature and scope of these services;
- (b) knowing the identity, qualifications and experience of those individuals designated to provide, or assist in providing, these services;
- (c) having processes in place to ensure that individuals report relevant information to the nominated architect;
- (d) putting written directives or written policies in place to make clear to subordinates their obligations to the nominated architect;
- (e) either working from the same location as those providing the services or having a regime of regular meetings to ensure familiarity with the work being undertaken;
- (f) not being the nominated architect for more than one corporation or firm if such an arrangement would prevent the proper discharge of his or her obligations; and
- (g) not to assume the role of the nominated architect for a volume of work that is beyond the reasonable capabilities of one person to supervise.

I undertake to ensure compliance with all provisions of the NSW Architects Code of Professional Conduct and relevant sections of the *Architects Act 2003* (NSW), including but not limited to:

Section 10 of the Architects Act – Representing a corporation or firm to be an architect

- (1) A corporation or firm must not represent itself to be an architect, and must not allow itself to be represented to be an architect, unless the corporation or firm has at least one nominated architect who is responsible for the provision of architectural services by the corporation or firm.

Maximum penalty: 200 penalty units.

- (2) A person must not represent a corporation or firm to be an architect if the person knows, or ought reasonably to know, that any such representation by the corporation or firm itself would constitute a contravention of subsection (1).

Maximum penalty: 100 penalty units (in the case of an individual) or 200 penalty units (in the case of a corporation).

- (3) In this Act, a corporation or firm that represents itself to be an architect or that allows itself to be represented to be an architect is referred to as an architect corporation or architect firm (as appropriate).

Section 11 of the Architects Act – Architectural services provided by architect corporation or architect firm

- (1) An architect corporation or architect firm must ensure that at all times there is at least one nominated architect who is nominated by the corporation or firm and responsible for the provision of architectural services by the corporation or firm.

Maximum penalty: 200 penalty units.

- (2) An architect corporation or architect firm must ensure that:
 - (a) any written business correspondence issued by the corporation or firm bearing the name of the corporation or firm indicates the name of an architect who is a nominated architect responsible for the provision of architectural services by the corporation or firm, and
 - (b) the name of an architect who is a nominated architect responsible for the provision of architectural services by the corporation or firm is prominently displayed at each place of business of the corporation or firm, so as to be clearly visible to a person from outside or immediately on entering the place of business.

Maximum penalty: 200 penalty units.

Note. A temporary project or site office does not constitute a place of business of a corporation or firm.

- (3) The Board may in a particular case grant a corporation or firm an exemption from compliance with a particular provision or provisions of this section. The exemption may be granted unconditionally or subject to conditions.
- (4) An exemption remains in force for such period as the Board may specify or, if no period is specified, until it is revoked by the Board by notice in writing to the corporation or firm concerned.
- (5) Proceedings for an offence against this section are not to be commenced without the written consent of the Board given in the particular case.

Section 27 of the Architects Act – Nomination of responsible architects for architectural services

- (1) A corporation or firm that provides architectural services may nominate one or more architects to be responsible for the provision of architectural services by the corporation or firm.

the corporation or firm must notify the Board of that fact within 7 days of that cessation.

Maximum penalty: 50 penalty units.

Section 83 of the Architects Act – Liability of directors and managers of corporations

- (1) If a corporation contravenes (whether by act or omission) any provision of this Act or the regulations, each person who is a director of the corporation or who is concerned in the management of the corporation is taken to have contravened the same provision if the person knowingly authorised or permitted the contravention.
- (2) A person may be proceeded against and convicted under a provision pursuant to subsection (1) whether or not the corporation has been proceeded against or has been convicted under the provision.
- (3) Nothing in this section affects any liability imposed on a corporation for an offence committed by the corporation under this Act or the regulations.

Clause 17 of the NSW Architects Code of Professional Conduct – Dealings with the public

- (2) When dealing with the public in the course of an architect's professional practice, a nominated architect responsible for the provision of architectural services by an architect corporation or an architect firm must ensure that:
