ARB OPEN CPD:

Regulatory Context of Architecture & Changes to the Act

Byron Kinnaird, NSW Architects Registration Board

This activity is equivalent to one hour of Formal CPD

It delivers learning outcomes related to the following Performance Criteria from the [National Standard of Competency for Architects](#) (the Standard):

9.7 Knowledge of legal and regulatory requirements and obligations in regard to architectural practice, practice management and registration as an architect [in NSW].

Content cuts across the "Regulatory" Knowledge Domain in the Standard.

Self-Assessment Questions

**** Please retain a copy of your completed self-assessment questions for your records ****

Participant Name:

Registration Number:

1. Why is it important to regulate architects?

2. What is the key difference between the NSW Architects Registration Board, and organisations such as the Australian Institute of Architects, and the Association of Consulting Architects?

3. Which Government department does the NSW Architects Registration Board sit under, and who is the responsible Minister?

4. What are the three tiers of legislation under the Architects Act, and what do they do?
